REPORT AND DISCUSSION ON THE MATTER OF THE BREEDER'S CUP PICK-SIX.

Greg Avioli of the National Thoroughbred Racing Association (NTRA) said he would talk about the Breeders' Cup Pick-6 wagering incident and subsequent developments. Mr. Avioli stated a total of 117-million dollars was wagered on the Breeders' Cup. The day after the race officials realized there was a problem with the winning Pick-6 ticket. It was determined the winning ticket designated one horse to win in each of the first four races, and designated all horses in the fifth and sixth legs – which was unusual. The Breeders' Cup requested Churchill Down stop payment on the ticket and asked the New York Wagering Board and the Illinois Racing Board to conduct an investigation. Additionally, a technology taskforce was convened due to the potential damage to public confidence if there were problems with the integrity of the pari-mutuel

wagering system. The idea behind the task force was to bring elements of the industry together to make recommendations regarding how the industry should react to the incident and possible broader ramifications. The general goal of the NTRA was to assess and confirm the security of electronic wagering and the tote system as a whole. The major totalizator companies and the three major racetrack ownership groups worked together. The totalizator companies agreed to take several initial steps. The first step was to write new software to allow scanning of all live Pick-6 wagers after the first leg. Mr. Avioli said the Pick-6 ticket involved in the incident would not have been scanned until after the fourth or fifth leg of the wager. He stated the new software would be in place within 14 days and would address the issue of how the individuals involved were able to accomplish their scam on Breeders' Cup Day. The second issue involved the particular wagering outlet in New York where the wager was made. The provider did not record all inner electronic telephone bets, so it was not a surprise to find the wager was placed at the facility. The individuals involved in the incident knew the wagers would not be recorded. Mr. Avioli said it was a matter of cost as the equipment was available to every off-track wagering provider. He stated the totalizator companies had agreed to work with their clients to install, as soon as possible, recording equipment. Such equipment would ultimately be required by the racetracks. Finally, each of the major racetrack ownership groups agreed to conduct a special review within their pari-mutuel departments of all winning Pick-6 and Pick-4 tickets. Mr. Avioli said he wished to congratulate the industry on its ability to come together and address the problem. He stated the degree of the problem was not known, but he hoped it was limited to the three men who initiated the wager. Mr. Avioli stated the firm of Ernst & Young had been retained to conduct a detailed security review of the totalizator system. The three major totalizator companies agreed to participate and share the cost. Ernst & Young would have full

access to the system and would produce a report for the NTRA before Christmas, 2002. Mr. Avioli said the report would be shared with the industry and the public. He added the NTRA board authorized \$1 million from its reserves to fund additional industry resources to address the problem. The NTRA board also asked for additional funding from the industry and received commitments from all the major tracks and TVG. Mr. Avioli said the firm of Guilliani Partners was hired to assist in the overall investigation of past Pick-6 and Pick-4 wagers. Working with Ernst & Young and with Guilliani Partners a review of the system and of Pick-6 and Pick-4 wagers would be conducted to determine if there was additional misconduct. The overall goal was to enhance consumer confidence and to demonstrate there was integrity in electronic wagering and the totalizator system. Vice-Chairman Licht said he thought the NTRA had done an outstanding job in public relations regarding the Pick-6 wagering incident. Chairman Landsburg said he believed the people of California deserved a full report regarding steps that were in place to assure the integrity of the system.

STAFF UPDATE ON THE ADVANCE DEPOSIT WAGERING HANDLE.

John Reagan, CHRB staff, said the advance deposit wagering (ADW) handle was over \$145 million, or over 7 percent of the total California handle.. Mr. Reagan commented that ADW wagering appeared to spike around major racing events. As an example, he stated Breeders' Cup Day saw a healthy increase in ADW wagering. Chairman Landsburg said ADW providers were asked to compile a listing of their customers zip codes so it could be determined if local fans were using their services. Mr. Reagan said the lists were being prepared and would be available shortly.

DISCUSSION AND ACTION BY THE BOARD ON THE REQUEST BY HOLLYWOOD PARK TO WAIVE CHRB RULE 1967, CLOSING OF WAGERING IN A RACE.

John Reagan, CHRB staff, said Rule 1967, Closing of Wagering in a Race, required that the wagering pool be closed or locked coincident with the start of a race. He stated Hollywood Park (HP) was requesting a waiver of the rule. Rick Baedeker of HP said his organization asked for a waiver of Rule 1967 so it could implement a policy of closing wagering pools at zero minutes to post time. Mr. Baedeker stated to restore customer confidence HP wished to make a strong statement regarding the safety of wagering dollars. He said until the tote companies could guarantee their systems could not be compromised, HP wanted to put safeguards in place to protect its players. Mr. Baedeker stated HP conducted an informal poll of 300 racing fans regarding the issue. The poll revealed 40 percent of the fans questioned were concerned wagers were being accepted after the start of a race, and 68 percent believed fraudulent wagers could be made. Sixty-nine percent of those questioned expressed a lack of confidence in the tote systems. Mr. Baedeker said the results of its poll were a primary reason for its request. He stated Churchill Downs had instituted a policy of closing wagering at zero minutes to post, and of loading horses after a one-minute delay following the close of wagering to allow for the final cycling of pools and posting of odds. Mr. Baedeker said some in the industry would argue against the policy due to fans' inability to change a ticket if a horse was scratched in the gate; however, fans were currently unable to make a change if their selections were scratched in an ongoing pick-N wager. Where available a fan may indicate an alternate, otherwise, a change could not be made to a pick-N ticket unless it was the first leg of the wager. Mr. Baedeker said concern had also been expressed that fans could be left holding a ticket with an unwanted long-shot if the favorite half of an entry was scratched at the gate. He acknowledged it could happen, but it currently could also happen to holders of multiple-race wagers. Mr. Baedeker stated the

occurrences of fans holding unwanted pick-N wagers were sporadic compared to the numbers who believed fraud was possible due to changes in odds midway through a race. He said there were suggestions the Board adopt a middle ground policy wherein off-track wagering would be closed at zero minutes to post. Mr. Baedeker stated HP opposed the suggestion for two reasons: First, it could cause confusion among California customers watching the same screen as off-track fans. Second, it would violate the core value of pari-mutuel wagering – were fans wager against each other. Closing off-track wagering early would allow one group of players to wager after the majority of players were shut out, which would result in an unfair advantage. Mr. Baedeker said it was suggested that California wait to see what effect the zero policy would have on purses in Kentucky and Florida. He stated HP was aware the policy could result in some reduction in revenues, however, in the first week the policy was implemented at Churchill Downs and Caulder there was no dramatic change in the handle. In HP's opinion it was not a monetary issue, rather it was the integrity of horse racing subsequent to the Breeders' Cup incident. Mr. Baedeker stated HP felt it needed to act decisively to restore customer confidence, so it was asking the Board to waive Rule 1967 and allow wagering to stop at zero minutes to post. Ron Liccardo of the Pari-Mutuel Employees Guild (GUILD) spoke in favor of the proposal. He stated the Guild would like to see the policy applied throughout California. Mr. Liccardo said, however, the Guild would also like to have the ability to cancel tickets left open for a period of time. He said "mystery tickets" – or tickets not purchased by anyone – appeared from time to time and the clerks needed time to cancel them. Greg Badovinac, a horse racing fan, spoke in opposition to the proposed rule waiver. John Van de Kamp of Thoroughbred Owners Of California (TOC) said HP was trying to respond to the issues before the industry in a moral way. However, the issue before the Board was separate from the Breeders' Cup incident. Mr. Van de

Kamp said changes in the posted odds have occurred over a period of time. Previous investigations in the phenomenon revealed no misdeeds. Mr. Van de Kamp said the TOC Board decided it would be premature to support the proposal. He stated TOC believed the policy should be evaluated to determine if it would have an impact on the handle, and how it would affect players. Vice-Chairman Licht asked if Autotote felt the policy was needed to protect the industry in California. Brooks Pierce of Autotote said he did not believe it was an issue his organization could address. He stated Autotote could comply with any of the changes that were suggested. The issue arose from simulcasting and the industry's inability to report the pools prior to the horses leaving the gate. With wagers originating in many locations it was a difficult equation. Vice-Chairman Licht asked if Autotote had any evidence that wagers could be placed through its system after a race had commenced. Mr. Pierce said Autotote did not have such evidence. He stated on occasion an operator had not stopped wagers, however, there was no evidence of systemic issues with Autotote or with alternate companies. Vice-Chairman Licht asked what new safeguards were in place subsequent to the Breeders' Cup incident. Mr. Pierce said there were two non-related issues: when the betting stops, and receipt of the pool information in a timely manner. Occasionally, pools would come from a remote site to a hub, then ultimately to the hub in California. It would take some time to get all the information into the host computer system. Mr. Pierce stated Autotote was going to submit a proposal to have all wagers come in on a real-time basis, but it would take cooperation between totalizator companies. He said it would have the ancillary benefit of dealing with the issue of delayed odds as the pool totals would be updated every 45 to 60 seconds. Autotote was studying the possibility of sending wagers on a bet-by-bet basis as opposed to total dollars, but it would take time and analysis. Vice-Chairman Licht said there was no evidence of wagering on California

aces after the close of the pool. There was, however, evidence that a significant number of fans believed wagers could be made after the pools closed, and that a larger number of fans thought it was likely such wagers took place. Vice-Chairman Licht said the perception was as real as any evidence. He asked how many fans would make other choices in the near future as additional negative stories regarding wagering came out. The public perception was that the odds change as the horses turn for home – and that the odds would always change for the winning horses. Vice-Chairman Licht said the public's perception was not exactly true, but it was something the Board needed to address. Chairman Landsburg said it was the perception and not the actuality that was the problem. He stated the industry wanted to give fans at racetracks advantages, and it seemed to him the level playing field was mythological. Most of the late wagering dollars were from outlying sources, so the penalty for fans at the tracks would be their inability to change their tickets. He said the perception of the fans who complained about odds changing after the start of the races would change radically if two thirds of the incoming wagers were eliminated at zero minutes to post, and allow the fans at the tracks the advantage. Commissioner Harris said he disagreed. Pari-mutuel wagering was the edge horse racing had over other forms of gaming. One fan may be more knowledgeable than another, but one may also be luckier, so it was a level playing field. If three quarters of those placing wagers were shut out and one quarter were allowed to continue wagering for another minute and a half, the field would be uneven and the foundation of pari-mutuel wagering would be changed. Vice-Chairman Licht asked if HP had seen a drop in attendance after the Breeders' Cup incident. Mr. Baedeker said it was impossible to determine the effect of the incident as the beginning of the meeting was hit with severe weather. He stated no turf club members had given up their memberships, however the survey conducted by HP suggested some members were wagering less on the Pick-6. Commissioner

Moretti asked how long the policy would be in place. Mr. Baedeker said HP was only asking to implement the policy for its current meeting. He stated he could not anticipate what might happen with the totalizator companies or with the investigation into the Breeders' Cup incident. Chairman Landsburg said the problem did not seem to raise its head as many times as the Board was led to believe. He stated there were events that occurred once in a while, but was the cure worth the inconvenience to those few fans who still go the racetracks? He asked if HP would be willing to change its proposal so the fans at the racetracks could retain what they thought was important. Mr. Baedeker said HP could not support a proposal to stop wagering for off-track fans while allowing on-track wagering to continue. He stated if the Board was inclined to support the idea, HP would withdraw its request. Stuart Slagle, a horse racing fan, said if the Board was concerned with how fans reacted to changes in odds during the running of a race, it should demand an upgrade to the technology used by totalizator companies rather than grant a waiver to Rule 1967. Otherwise, Mr. Slagle said the Board should vote against the proposal. Commissioner Harris asked if there was a movement towards more instantaneous transmission from the various hubs. Mr. Baedeker said there were several states that required all the wagering information to be cycled within the state prior to transmission to the host. He stated such delays were due to regulations and there was an effort being made to change the situation. Mr. Baedeker said totalizator companies would have to address technical issues. Commissioner Moretti asked how HP would educate its fans regarding a change in its procedures if the request were approved. Mr. Baedeker said HP had begun the education process. It printed notices, placed an ad in the Daily Racing Form and placed ads on the closed circuit television. The notices and ads stated pending Board approval, wagering would close at zero minutes to post. Commissioner Moretti asked what type of feed back had been received. Mr. Baedeker said the

informal survey of 300 fans revealed fifty-three percent strongly agreed with the policy change and forty percent strongly or somewhat disagreed. He stated there were no complaints about the policy at Caulder and mixed results at Churchill Downs. Commissioner Sperry said he was concerned about confusion among fans if HP were allowed to adopt its policy while other racetracks were abiding by Rule 1967. Mr. Baedeker said he did not doubt fans would experience a degree of frustration, however, fans North and South currently had different scenarios with the signal from Caulder and Churchill Downs. He stated fans seemed to be adopting. Commissioner Moretti **motioned** to waive Rule 1967, Closing of Wagering In a Race, as requested by HP. Chairman Landsburg said there was no second to the motion. Commissioner Sperry **motioned** to deny the request by HP to waive Rule 1967, Closing of Wagering In a Race. Commissioner Harris **seconded** the motion, which was **carried** with Commissioner Moretti voting “**no.**”

DISCUSSION AND ACTION BY THE BOARD ON THE APPLICATION FOR APPROVAL TO CONDUCT ADVANCE DEPOSIT WAGERING BY ODS TECHNOLOGIES, L.P. D.B.A. TVG.

Jacqueline Wagner, CHRB staff, said ODS Technologies (TVG) submitted an application for approval as an out-of-state provider for advance deposit wagering (ADW). Ms. Wagner stated the dates of operation would be a full year, for twenty four hours a day. TVG would provide service for Los Alamitos Racing Association; Churchill Downs, Inc. at Hollywood Park; Del Mar Thoroughbred Club; Los Angeles County Fair Fairplex; Oak Tree Racing Association at Santa Anita; and California Authority of Racing Fairs (CARF). The horsemen’s agreement for Los Alamitos Racing Association, and the agreement with CARF were complete. Ms. Wagner said staff recommended approval of the application as presented. Vice-Chairman Licht asked

what steps TVG had taken to protect the security of its system. Tony Allevato of TVG said TVG had a security system in place prior to the Pick-6 incident at Breeders' Cup. In addition, TVG had a letter from AmTote that explained its security. He stated immediately after the Breeders' Cup incident TVG conducted a thorough review of its security and talked to AmTote. Mr. Allevato said since January 2002 TVG had accepted approximately 19,000 accounts from California residents, and had processed over \$74 million in California wagers. He stated other jurisdictions had not produced such results within so short a period of time. Through October 29, 2002, TVG had accrued and paid out nearly \$8.2 million in market access fees to California racing. Since its initial approval TVG had expanded its relationship with Fox Sports Network (FOX). Fans could watch racing in California 14 hours a day, seven days a week. In addition, racing on Fox increased to two hours a day and for the first time Del Mar, Los Alamitos, CARF and Friday night racing at Hollywood Park were featured live. TVG also produced two new racing programs: "The Quarters" and "The Finish Line" and it expanded coverage from Los Alamitos. Vice-Chairman Licht asked if TVG was asking for a two-year approval. Mr. Allevato said it was. John Van de Kamp of Thoroughbred Owners of California (TOC) said his organization supported the application. Commissioner Harris asked if the TOC horsemen's agreement had a term on it, or did it run from meeting to meeting. Mr. Van de Kamp said the agreement usually stipulated the same format would be used at subsequent meetings. Commissioner Harris said he was concerned whether the horsemen's agreement could be revisited if some extraordinary circumstances intervened. Mr. Van de Kamp said the agreement was not written in concrete and could be revisited; however, unless there were problems, the same format would be used for the forthcoming year. Chairman Landsburg said he would prefer to a one-year agreement so all the ADW providers would be on the same timetable. All of the

negotiations would occur at the same time, and the changes could be brought to the Board's attention in proper order. He stated it would not change the way the providers or TOC operated, but it would bring all the providers onto the same contract timeline. Commissioner Harris said he did not understand why the providers had to be on the same timeline. He stated negotiations between providers, the tracks and horsemen were ongoing. The Board merely approved the applications and assured they were in compliance with its regulations and the law. Negotiations between the provider, horsemen and tracks were a separate issue. Mark Wilson of TVG said there were a couple reasons TVG was asking for a two year approval. He stated it would allow TVG to forge a closer relationship with FOX, and it would send a strong message to its funding partners that while TVG was still losing money it had the requisite backing to grow. Additionally, a two year approval would allow continuing negotiations with various elements of the industry. Jim Carrell of the Pari-Mutuel Employees Guild (Guild) said his organization had a signed agreement with TVG. Commissioner Sperry asked if there were ongoing negotiations with the Guild. Mr. Wilson said TVG employed over 100 persons in California, more than the other ADW providers combined. He stated TVG was not just an ADW provider. It was also a television network with a lot of employees. Chairman Landsburg said the labor issue had been discussed over a long period of time. He stated TVG had agreed to address the problem, but did not seem to be doing anything. Mr. Allevato said the issue was creation of jobs and opportunities in California. He stated TVG's commitment to jobs and the people who produced its programming, as well as those at its customer service center, spoke for itself. If there were job opportunities the Guild wished to explore TVG would not turn them down. Mr. Allevato stated TVG's parent company employed a lot of unionized labor and he did not think any of the ADW providers had as good a record with labor. Rick Baedeker of Hollywood Park, Greg

Badovinac, a racing fan; and Greg Avioli of the National Thoroughbred Racing Association, spoke in favor of the application. Commissioner Harris **motioned** to approve the application for approval to conduct ADW by TVG for a period of two years. Commissioner Moretti **seconded** the motion, which was **unanimously carried**.

DISCUSSION AND ACTION BY THE BOARD ON THE APPLICATION FOR LICENSE TO CONDUCT A HORSE RACING MEETING OF THE LOS ALAMITOS QUARTER HORSE RACING ASSOCIATION (Q) AT LOS ALAMITOS, COMMENCING DECEMBER 26, 2002 THROUGH DECEMBER 21, 2003, INCLUSIVE.

Jacqueline Wagner, CHRB staff, said Los Alamitos Racing Association (LARA) proposed to run 205 days for a total of 2,048 races. LARA would run four nights per week, Thursday through Sunday, with eight to 15 live races and six to 12 simulcast races. The first post time would be 7:15 p.m. Thursday and Friday, and 6:30 p.m. Saturday and Sunday. The wagering program would be offered using CHRB regulations. Ms. Wagner stated the horsemen's agreements had been finalized. She said staff recommended approval of the application as presented. Commissioner Sperry **motioned** to approve the application for license to conduct a horseracing meeting of LARA. Commissioner Moretti **seconded** the motion, which was **unanimously carried**.

DISCUSSION AND ACTION BY THE BOARD ON THE REQUEST OF THE LOS ANGELES TURF CLUB TO DISTRIBUTE CHARITY RACING DAY PROCEEDS IN THE AMOUNT OF \$286,700 TO 31 BENEFICIARIES.

John Reagan, CHRB staff, said more than 80 percent of the charity funds would be distributed to racing related charities. He stated staff recommended approval of the request as presented. Commissioner Harris **motioned** to approve the request of the Los Angeles Turf Club to

distribute \$286,700 to 31 beneficiaries. Commissioner Moretti **seconded** the motion, which was **unanimously carried**.

DISCUSSION AND ACTION BY THE BOARD ON THE REQUEST OF THE LOS ALAMITOS QUARTER HORSE CHARITY FOUNDATION TO DISTRIBUTE CHARITY RACING DAY PROCEEDS IN THE AMOUNT OF \$37,000 TO 11 BENEFICIARIES.

John Reagan, CHRB staff, said 40 percent of the charity funds would be distributed to racing related charities. He stated staff recommended approval of the request as presented. Vice-Chairman Licht **motioned** to approve the request of the Los Alamitos Quarter Horse Charity Foundation to distribute charity racing day proceeds in the amount of \$37,000 to 11 beneficiaries. Commissioner Moretti **seconded** the motion, which was **unanimously carried**.

DISCUSSION AND ACTION BY THE BOARD ON THE REQUEST OF THE DEL MAR THOROUGHBRED CLUB TO DISTRIBUTE CHARITY RACING DAY PROCEEDS IN THE AMOUNT OF \$169,500 TO 23 BENEFICIARIES.

John Reagan, CHRB staff, said 74 percent of the charity funds would be distributed to racing related charities. He stated staff recommended approval of the request as presented. Commissioner Harris **motioned** to approve the request of the Del Mar Thoroughbred Club to distribute charity racing day proceeds in the amount of \$169,500 to 23 beneficiaries. Commissioner Moretti **seconded** the motion, which was **unanimously carried**.

**STAFF ANALYSIS
LOS ALAMITOS QUARTER HORSE RACING
REQUEST FOR AMENDMENT TO LICENSE**

**REGULAR BOARD MEETING
JANUARY 23, 2003**

Background:

Section 19596.2 of the Horse Racing Law is the section governing the import of thoroughbred races for thoroughbred and fair race meets. The section sets a daily limit of 23 with some exceptions and also sets an absolute limit based on the total number of live and imported thoroughbred races that were carded in 1998. That 1998 limit has been determined to be a total of 10,734 live and imported races. In 2002, a total of 10,714 live and imported thoroughbred races were carded in California.

The section also allows a thoroughbred meet to contract with a quarter horse meet to import thoroughbred races under certain conditions. The Los Alamitos Quarter Horse Racing Association is requesting that they be allowed to import thoroughbred races from Australia during their current race meet. In the attached letter they plead their case that the 1998 cap would not limit this activity. Staff has discussed this issue with the Board's legal counsel, DAG Derry Knight and he has opined that the 1998 cap does apply in this case.

Recommendation:

Staff recommends that the Board hear from its Deputy Attorney General on this matter.

QUARTER HORSE RACING ASSOCIATION

January 7, 2003

Mr. Roy C. Wood, Jr.
Executive Director
California Horse Racing Board
1010 Hurley Way, Suite 300
Sacramento, CA 95825

Dear Mr. Wood,

Los Alamitos Quarter Horse Racing Association requests that a proposal whereby LAQHRA would import out of country nighttime thoroughbred races from Australia be placed on the agenda for the upcoming January meeting of the California Horse Racing Board.

LAQHRA makes this request for permission to import Australian thoroughbred races based on sub section (j) of section 19604 of current California Horse Racing Law (page 66 in the 2002 Racing Law handbook).

The Australian signal is currently being offered for home wagering to California residents through both ExpressBet and YouBet. Currently, the only way a California resident who wishes to wager on Australian thoroughbred racing can make such a wager is to stay at home, a fact that we feel goes against the intent of the racing law as stated in the above-mentioned sections.

Not only does the fact that forcing horseplayers to stay at home to wager on Australian racing place California racing associations and horsemen at a competitive disadvantage, it is costing racing associations, horsemen and the state considerable money in the form of lost revenues.

The Australian thoroughbred signal currently averages between \$7,000 to \$10,000 per night in California. Those figures generate approximately \$130,000 for horsemen in the form of purse money per year. Roughly that same amount is generated for racing associations with approximately \$39,000 generated for the state in form of license fees.

Based on our most recent experience in bringing in the Australian thoroughbred signal, LAQHRA projects that we can average \$400,000 per night on that signal, with wagering offered five nights per week and 52 weeks per year.

Mr. Roy C. Wood, Jr.
January 7, 2003
Page -2-

That \$400,000 nightly average would generate approximately \$8 million a year for horsemen in the form of purse money, with the same amount going to racing associations and \$364,000 going to the state in the form of license fees.

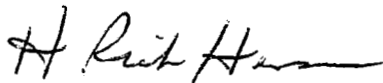

LAQHRA proposes that the Australian signal be brought in under the LAQHRA license as provided for in California Horse Racing Law. Further, because Section 19604 provides that an association may "accept and facilitate" a wager on such a signal "Notwithstanding any other provision of the law," the races would not count against the current thoroughbred or Quarter Horse bank of imported races.

LAQHRA has discussed the importation of the Australian thoroughbred signal with the California thoroughbred racing associations, as well as officials of the Thoroughbred Owners of California. All are in support of the proposal provided the Board concurs that these out of country night races are not to be counted against their current bank of out of state imports.

The ability to generate upwards of \$8 million for California horsemen and racing associations while providing our on-track patrons the opportunity to wager on races that are currently only offered to those horseplayers who stay at home is an opportunity that we hope the California Horse Racing board will join with us to seize.

Thank you for your consideration in this matter and we look forward to discussing this issue with the board at the upcoming meeting.

Kindest regards,

H. Rick Henson
President and General Manager

**STAFF ANALYSIS – NON ACTION ITEM
OAK TREE REQUEST FOR TWO ADDITIONAL
RACE DAYS FOR THE 2003 RACE MEET**

**REGULAR BOARD MEETING
JANUARY 23, 2003**

Background:

Section 19531(a) of the Horse Racing Law mandates that there shall be a maximum of 42 weeks of thoroughbred racing in the Central Zone, the zone in which Santa Anita is located. Section 19414.5(b) of the Horse Racing Law allows for fractional weeks of racing (less than four days of racing per week). However, it also mandates that during periods of overlap between thoroughbred meetings and fairs, the total number of weeks authorized by the Board will not exceed the maximum annual allocation of race weeks per Section 19531. Currently, there are 42 weeks of thoroughbred racing allocated to the Central Zone.

Oak Tree Racing is requesting a discussion regarding their request to add two race days (a fractional week) to their 2003 race meet. As indicated in the attached letter from Sherwood Chillingworth, the request is to accommodate Oak Tree's hosting of the 2003 Breeders' Cup. Specifically, they are asking to add September 27 and 28 to their schedule. These dates are currently scheduled as the last weekend at the Los Angeles County Fair, thus creating a two-day overlap of the LACF and Oak Tree. Given that the maximum number of weeks is already allocated, it does not appear that current law accommodates this request. However, representatives of Oak Tree, the LACF, the TOC and others may wish to speak to this concept.

Recommendation:

Staff recommends that the Board hear from their Deputy Attorney General and other interested parties on this matter.

Mr. Roy C. Wood, Jr.
Executive Director
California Horse Racing Board
1010 Hurley Way, Suite 300
Sacramento, CA 95825

Dear Roy:

Oak Tree Racing Association would like to place on the agenda, for discussion at the January 23, 2003 Board meeting, a request to run two additional days in 2003, September 27 and 28, to accommodate our hosting of Breeders' Cup next Fall.

As you know, our present Opening Day is October 1, which puts us in the unfortunate position of having to run eight graded stakes in five days. Moreover, most horsemen prefer to run fillies and mares, particularly when prepping for a Breeders' Cup race, at least four weeks prior to Breeders' Cup Day, which this year is October 25.

Enclosed is an article from last Friday's Racing Form quoting Wayne Lukas and Ben Cecil as being supportive of such a change and remarking that they would not have to ship out of California to find a race that provided that gap.

We have contacted TOC, and all the racing associations including Los Alamitos, and they have no objection to this change. Del Mar's only comment was that we not run the Norfolk on these days, as it would impact their Futurity that is scheduled to be run 17 days earlier. We acceded to that request.

John Van de Kamp advises me that our request was received favorably yesterday at the TOC Board Meeting.

We have had several meetings with Jim Henwood and his staff at Pomona and reached a tentative agreement that if an overlap were approved, it would provide that OTRA would guarantee no financial loss, either commission-wise or admission-related over last year's

Mr. Roy C. Wood, Jr.

Page 2 of 2

receipts for the comparable days. This commitment would be conditioned on the guarantee being reduced if the percentages for their meet prior to September 27 and 28 were off. By illustration, if the first 15 days showed a decline in commissions and admissions of 10%, our guarantee would be reduced in the same amount.

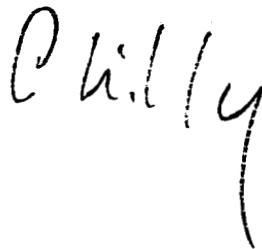

Pomona wants to run its 17 days, and we are in agreement with that position. The overlap would be for 2003 only. Pomona has suggested only a one-day overlap, which is not, in our opinion, an effective solution. We would then have to run four graded stakes on one day, and the cost of marketing one day would be as much as two days. In addition, it is my experience that people will come in from outlying areas to attend two outstanding days of racing, and make a weekend of it, and probably would not make the same effort for one day.

Tim Smith of the NTRA has arranged for two of the stakes on Sunday, September 28, to be televised live, nationally, on ESPN to go into the East Coast at prime time, 6:00 PM – 7:00 PM. (Please see Smith's letter, dated January 7, 2003, attached.) This is an opportunity for California racing, which is not often presented. We would also be put on CNBC, nationally, if we could run the Norfolk as part of The Bessemer Trust's, "Racing to the Juvenile Breeders' Cup" on Saturday; but as previously stated, we agreed to not run the Norfolk, to avoid an impact on Del Mar's Futurity.

To obtain this overlap we not only need CHRB approval, but statutory changes, which we believe can be achieved on an urgency basis in a single bill. Inasmuch as there appears to be no opposition, and there would be increased revenues for the state and labor, we believe that this legislation would be approved and signed by the governor.

Oak Tree feels this request is for the good of racing in California and for California racing, nationally, with no negative impact on any element of the industry. We would like to determine the Board's opinion of our request and realize that no legal approval can be reached at this meeting.

Sincerely,

Golden Apples undergoes surgery

By STEVE ANDERSEN

ARCADIA, Calif. - Golden Apples, the leading contender for the 2002 Eclipse Award as the nation's outstanding turf female, began a vacation at a local farm this week after recently undergoing arthroscopic surgery to have bone chips removed from her ankles.

Trainer Ben Cecil said that Golden Apples will be away from the racetrack for at least a month, and is unlikely to start until the middle of the year. Her main goals for 2003 are the Ramona Handicap at Del Mar, the Beverly D. at Arlington Park, and the Yellow Ribbon and the Breeders' Cup Filly and Mare Turf at the Oak Tree at Santa Anita meeting in the fall.

Cecil said that the chips were discovered last fall, before Golden Apples ran fourth in the Breeders' Cup Filly and Mare Turf at Arlington Park and second in the Matriarch Stakes at Hollywood Park on Dec. 1.

"We'll point for the end of the year more than anything," Cecil said. "That's when the races we want to run in are. It's a huge advantage that the Breeders' Cup is here and we'll get a firm turf course."

Owned by Gary Tanaka, Golden Apples won 3 of 7 starts and \$1,111,680 in 2002, including victories in the Santa Ana Handicap, Beverly D. Stakes, and Yellow Ribbon Stakes.

Oak Tree proposal endorsed by Cecil, Lukas

A proposal by Oak Tree Racing Association to move forward the opening day of its fall meeting from Oct. 1 to Sept. 27, which would enable the track to run Breeders' Cup prep races four weeks in advance of the Oct. 25 championship day, was met with support by Cecil and fellow trainer D. Wayne Lukas.

The proposal includes moving Breeders' Cup preps such as the Yellow Ribbon, Oak Leaf Stakes for 2-year-old fillies, and Lady's Secret Breeders' Cup Handicap for fillies and mares on dirt to the weekend of Sept. 27-28.

Oak Tree is scheduled to open on Oct. 1.

"I think four weeks is better, especially with a filly," Cecil said. "I think that's the way it should be every year. So many years you see people go to New York to have a race four weeks out."

Lukas typically ships his top Breeders' Cup horses to New York and Kentucky in early fall, but said he could have more runners in California if the Breeders' Cup preps are restructured.

"I think it's a good idea," Lukas said. "Of all the years, this would be the year to try it."

Oak Tree, which leases Santa Anita for an autumn meeting, is expected to approach the California Horse Racing Board at its January meeting to request the additional two days of racing. Oak Tree officials recently discussed the

move with officials from the Los Angeles County Fair, which operates a fair meeting at Fairplex Park in Pomona during September. If an overlap occurs, Oak Tree officials have stated they would pay compensation to the Los Angeles County Fair for any loss in business due to the additional competition.

"We have the TV time on Saturday and Sunday and we think this is for the good of the California industry," said Sherwood Chillingworth, the executive vice president of Oak Tree.

Atlantic Ocean and Sea Jewel get green light

Atlantic Ocean and Sea Jewel were confirmed for Sunday's \$100,000 Santa Ysabel Stakes for 3-year-old fillies following workouts on Wednesday morning.

Atlantic Ocean, the winner of the Miesque Stakes on turf in her most recent start on Nov. 29, worked a half-mile in 46.60 seconds. Trainer Bob Baffert was considering running her in the Sunshine Millions Oaks over seven furlongs on Jan. 25, but says that the Santa Ysabel distance of 1 1/16 miles is a better fit for Atlantic Ocean.

"The seven-eighths isn't her best distance," he said.

Sea Jewel missed the Hollywood Starlet last month due to a bruised foot but satisfied trainer John Shirreffs with a half-mile workout in 49.40 seconds.

"I got the last eighth in [11.20]," Shirreffs said. "She finished strongly, so that makes me optimistic."

The pair will be in a field expected to include Summer Wind Dancer, the winner of the California Cup Juvenile Fillies in November.

The Santa Ysabel is one of four stakes on

Saturday and Sunday.

The most lucrative of those races is Saturday's \$150,000 San Pasqual Handicap over 1 1/16 miles.

The probables list is led by Congaree, the winner of the Cigar Mile at Aqueduct on Nov. 30, who will be the 121-pound topweight. He will face Cottage, Fleetstreet Dancer, Hot Market, Kudos, Mercenary, Nose the Trade, Oh Take, and Piensa Sonando.

Ladies Din resumes training for new barn

Ladies Din, the winner of the Shoemaker Breeders' Cup Mile in his most recent start last May, has joined trainer Frank Monteleone's stable. The 8-year-old Ladies Din jogged on the main track at Santa Anita, his first day of racetrack training since being turned out by previous trainer Julio Canani last summer because of an ankle problem.

Owned by Bernie Schiappa and Terry Lanni, Ladies Din is being pointed for a defense of his Shoemaker Mile win in June, the Eddie Read Handicap at Del Mar, and the Breeders' Cup Mile at Oak Tree.

In 2000, Ladies Din finished eighth in the Breeders' Cup Mile at Churchill Downs.

P. Val draws three-day suspension

Patrick Valenzuela, who through Tuesday led all riders at the Santa Anita meeting with six winners, will miss three days of racing next week for causing interference in the seventh race last Sunday.

Valenzuela rode California Goal, who was disqualified from second to third for "altering course without sufficient clearance" in the stretch, the stewards ruled. The suspension runs from Wednesday through Friday.

Sherwood C. Chillingworth
Oak Tree Racing Association

Dear Chilly:

To confirm our recent discussions, the incremental national television opportunities for Oak Tree races in 2003 are as follows:

September 27	CNBC (live) *	Norfolk Stakes	8-9 p.m. Eastern 5-6 p.m. local
September 28	ESPN (live) **	Oak Leaf Yellow Ribbon	6-7 p.m. Eastern 3-4 p.m. local

*part of "Bessemer Trust Two-Year Old Challenge" series

**part of "Road to World Thoroughbred Championships" series

As you know, these additional television windows are contingent upon Oak Tree becoming authorized by the CHRB to run these races on the above-listed dates. The networks involved have indicated that they need a response by the end of this month in order to hold the time for horseracing. They are interested in these particular races due to their historic relationship to Breeders' Cup runners and/or winners.

These potential added national hours are in addition to the shows the following weekend on ESPN and NBC of which you already are aware (1:30-3:00 local time on NBC on Saturday, October 4th and 2:30-4:00 local time on ESPN on Sunday, October 5th). It is anticipated that the Oak Tree Breeders' Cup Mile, the Goodwood, the Ancient Title and the Clement Hirsch would be aired live as part of these telecasts.

We concur that there would be both racing and television advantages to having the Norfolk (juvenile colts), Oak Leaf (juvenile fillies) and Yellow Ribbon (fillies and mares) run one week earlier than the October 4-5 weekend. Thus we hope a workable arrangement can be reached with all parties to achieve this result.

With best regards.

STAFF ANALYSIS
PROPOSED AMENDMENT OF
RULE 1467
PAYMASTER OF PURSES

Regular Board Meeting
January 23, 2003

BACKGROUND

Business and Professions (B&P) Code Section 19420 states that the Board has jurisdiction and supervision over meetings in this State where horse races with wagering on their results are held or conducted, and over all persons or things having to do with the operation of such meetings. B&P Code Section 19440 provides that the Board shall have all powers necessary to carry out fully and effectually the purposes of Horse Racing Law. Responsibilities of the Board include adopting rules and regulations for the protection of the public and the control of horse racing and pari-mutuel wagering.

Rule 1467 was amended in January 2002 to require that 10% of the purse earned on any horse finishing first, second or third at a thoroughbred race meeting be deducted and deposited into the trainer's account. In September 2002 the Pacific Coast Quarter Horse Racing Association (PCQHRA) requested the Board amend Rule 1467 to implement the 10% automatic payment to trainer's accounts at quarter horse race meetings. At the October 17, 2002, Regular Board Meeting staff was directed to notice the proposed amendment for a 45-day public comment period.

ANALYSIS

The proposed amendment to Rule 1467 requires that 10% of the net purse earned on any horse finishing first, second or third at a quarter horse race meeting be deducted and deposited into the trainer's account. During the 45-day public comment period staff received comments regarding the application of the amendment to quarter horses running at fair meetings. One comment suggested the amendment apply to "breeds" rather than meetings so the rule would also apply to mixed meetings. The PCQHRA has specified the amendment will apply only to quarter horses running at quarter horse race meetings, and will not be applicable at the fairs.

A second comment stated the deduction should be made from the gross purse rather than the net, as that was standard practice when applied to thoroughbreds. Under the proposed amendment the paymaster will deduct the trainer's 10% from the net purse. This was a specific request of the PCQHRA and means the trainer will be paid from the net purse after commissions are deducted and distributions are paid according to statute. Rule 1467 currently allows for deductions of nomination, entry or starter feed paid by the thoroughbred owner for stakes races.

Opt out provisions of Rule 1467 will apply to quarter horse owners who may withdraw from the payment plan by submitting written notification to the paymaster not to deduct the 10%. The notification must be filed with the paymaster at any time during the race meeting, shall

apply to all horses owned in whole or in part by the owner, shall be binding on all other interest holders in the horse or horses, shall apply to all trainers employed by the owner and shall remain in force until written authorization to start the deduction is submitted to the paymaster. Written notification from multiple owners of a horse should be signed by the individual who has been designated by the ownership to sign on behalf of the owners of the account.

RECOMMENDATION

Staff recommends the Board adopt the amendment to Rule 1467 as presented.

CALIFORNIA HORSE RACING BOARD
TITLE 4, CALIFORNIA CODE OF REGULATIONS
ARTICLE 3. RACING ASSOCIATION

AMENDMENT OF
RULE 1467
PAYMASTER OF PURSES

Regular Board Meeting
January 23, 2003

Rule 1467. Paymaster of Purses

(a) The association shall appoint a paymaster of purses who shall maintain records as the association and the Board direct. All records shall be separate from those of the Board and are subject to inspection by the Board at any time. The duties of the paymaster of purses or their assistants shall consist of the following:

(1) Maintain records which shall include the name, address, state or country of residence, social security number or federal identification number of each horse owner, trainer, driver, jockey or apprentice jockey participating at the race meeting who has funds due or on deposit in their horsemen's account.

(3) Deduct from the horse owner's account, and deposit into the account of the horse owner's trainer, 10% of the purse earned on any horse that finishes first, second or third at thoroughbred race meetings. For purposes of this section "purse earned" means all amounts earned except in stakes races in which case "purse earned" means all amounts earned less any nomination, entry or starter fees paid by the owner. Such payments shall be disbursed to the trainer and will be available at the office of the ~~P~~paymaster of ~~P~~purses no later than seven days

after the race was conducted. Any amounts so paid shall be repaid to the paymaster forthwith by the trainer upon any order requiring redistribution.

Such payments shall be disbursed to the trainer and will be available at the office of the paymaster of purses no later than seven days after the race was conducted. Any amounts so paid shall be repaid to the paymaster forthwith by the trainer upon any order requiring redistribution.

(ab) Horse owners may elect not to have 10% of the purse earned deducted from their account by filing with the paymaster of purses at each racing association at which the owner wishes it to be in effect, a form CHRB-134 (New 1/02), Notification of Exclusion To Trainer 10% Program, which is hereby incorporated by reference. The form CHRB-134 (1/02) is available at the office of the paymaster of purses at any race meeting.

(bc) A form CHRB-134 may be filed with the paymaster of purses at any time during a race meeting, and

(1) Shall apply to all horses owned in whole or in part by the owner,

Re: Revised Bylaws

Enclosed are TOC's Bylaws, adopted unanimously by our Board on December 5, 2002, implementing the provision of AB 2619. The ballot shall set forth the proposed action, provide an opportunity to specify approval or disapproval of any proposal, and provide a

Approval by written ballot shall be valid only when the number of votes cast by ballot within the time period specified equals or exceeds the quorum required to be present at a meeting authorizing the action, and the number of approvals equals or exceeds the number of votes that would be required to approve at a meeting at which the total number of votes cast was the same as the number of votes cast by ballot.

(b) Solicitation of Ballots. If inspectors of election are not so appointed for any action by written ballot, or if any person so appointed refuses to act, the President of the Corporation must appoint inspectors of election for that written ballot upon request of any member. (a) The "Owner" Directors shall be elected by written ballot as authorized by Section 3.11 of these Bylaws. The candidates receiving the highest number of votes up to the number of Directors to be elected are elected with the exception that so long as there are at least three (3) Northern California candidates in the election of 2000, a minimum of three (3) Northern California Directors shall be elected. They are defined as residing from the southern border of San Luis Obispo County and eastward along the southern boundaries of Kings County, Tulare County and Inyo County to the Nevada border, and north to the Oregon border. In the event there are more than three (3) Northern California candidates in the election of 2000, of the three (3) receiving the highest number of votes shall be elected; those with fewer votes shall be elected as long as they are among those receiving the highest number of votes up to the number of Directors to be elected.

In the annual elections following 2000, the "Owner" nominating committee shall nominate as many Northern California candidates as needed to maintain the minimum of three Northern California Directors on the Board. In such annual elections, if the number of California Directors holding office at the beginning of the new term will be less than three,

(1) The Northern California "Owner" candidates receiving the highest number of votes up to the number of Directors to be elected shall be elected.

(2) Should after taking into account the provisions of Section 4.06(a), there will be fewer than 3 Northern California Directors, the Northern California "Owner" candidates receiving the highest number of votes shall be elected until the number of Northern California Directors reaches the required minimum of three. In such case, the election of the Northern California Director(s) shall take precedence over the candidate(s) receiving the least number of votes who otherwise would have been elected.

(b) The "Owner-Trainer" Directors shall be elected by written ballot conducted of members in the "Owner-Trainer" category. The "Owner-Trainer" candidates receiving the highest number of votes are elected, with the exception that there shall be no fewer than one "Owner-Trainer" Director from Northern California, and no fewer than one "Owner-Trainer" Director from Southern California. If after taking the vote count, no Northern California or Southern California "Owner-Trainer" is elected, the Northern California or Southern California "Owner-Trainer" with the highest vote count shall take precedence over the candidate receiving the least number of votes who otherwise would have been elected.

Section 4.07 Compensation. The directors shall serve without compensation except that they shall be allowed and be paid their actual and necessary expenses incurred in attending the meetings of the Board of Directors or in the performance of their duties as members of the Board of Directors.

Section 4.08 Meetings.

(a) Call of Meetings. Meetings of the Board may be called by the Chairman, President, any Vice President or the Secretary or any two (2) directors.

(b) Place of Meeting. All meetings of the Board shall be held at the principal office of the Corporation or at other locations determined by the Board from time to time.

(c) Time of Regular Meeting. Regular meetings of the Board shall be held, without call or notice, at a time to be determined by the Board of Directors.

(d) Special Meetings. Special meetings of the Board may be called by the Chairman, President, any Vice President or the Secretary or any two (2) directors. Special meetings shall be held on four (4) days' notice by first-class mail, postage prepaid, or on forty-eight (48) hours' notice delivered personally or by telephone, telegraph or teletype. Notice of the special meeting need not be given to any director who signs a waiver of notice or a written consent to holding the meeting or an approval of the minutes thereof, whether before or after the meeting, or who attends the meeting without protesting, prior thereto or at its commencement, the lack of such notice to such director. All such waivers, consents and approvals shall be filed with the corporate records or made a part of the minutes of the meetings.

(e) Quorum. Not less than fifty percent (50%) of the authorized number of directors constitutes a quorum of the Board for the transaction of business, except as hereinafter provided.

(f) Transactions of Board. Except as otherwise provided in the Articles of Incorporation, in these Bylaws or by law, every act or decision done or made by a majority of the directors present at a meeting duly held at which a quorum is present is the act of the Board, provided however, that any meeting at which a quorum was initially present may continue to transact business notwithstanding the withdrawal of Directors if any action taken is approved by at least a majority of the required quorum for such meeting, or such greater number as is required by the law, the Articles of Incorporation or these Bylaws.

(g) Conduct of Meetings. Any director selected by the directors present shall preside at meetings of the Board of Directors. The Secretary of the Corporation or, in the Secretary's absence, any person appointed by the presiding officer shall act as Secretary of the Board. Members of the Board may participate in a meeting through use of conference telephone or similar communications equipment, so long as all members participating in such meeting can hear one another. Such participation shall constitute personal presence at the meeting.

(h) Adjournment. A majority of the directors present, whether or not a quorum is present, may adjourn any meeting to another time and place. If the meeting is adjourned for more than twenty-four (24) hours, notice of the adjournment to another time or place must be given prior to the time of the adjourned meeting to the directors who were not present at the time of the adjournment.

Section 4.09 Action Without Meeting. Any action required or permitted to be taken by the Board may be taken without a meeting, if all members of the Board individually or

collectively consent in writing to such action. Such written consent or consents shall be filed with the minutes of the proceedings of the Board. Such action by written consent shall have the same force and effect as the unanimous vote of such directors.

Section 4.10 Removal of Directors. Effective with the election of Directors after July 1, 2001.

(a) Removal for Cause. The Board may declare vacant the office of a Director on the occurrence of any of the following events:

- (1) The Director has been declared of unsound mind by a final order of court; or
- (2) The Director has been convicted of a felony; or
- (3) The director has been found by a final order or judgment of any court to have breached duties imposed by Section 7238 of the Corporations Code on directors who perform functions with respect to assets held in charitable trust; or
- (4) The Director has failed to attend three (3) unexcused consecutive meetings of the Board; or
- (5) The Director is no longer qualified for membership pursuant to Section 2.04(a) and (b)
- (6) The Director serves on a Board or as an officer or employee of any entity conducting wagering on horse racing.

(b) Removal Without Cause. Any or all of the directors may be removed without cause if, where the Corporation has fewer than fifty (50) members, such removal shall be approved by a majority of all members pursuant to Section 5033 of the California *Corporations Code*; or where the Corporation has more than fifty (50) members, such removal shall be approved by the members within the meaning of Section 5034 of the California *Corporations Code*.

Section 4.11 Resignation of Director. Any director may resign effective on giving written notice to the Chairperson of the Board, the President, the Secretary or the Board of Directors of the Corporation, unless the notice specifies a later time for the effectiveness of such resignation. If the resignation is effective at a future time, a successor may be elected to take office when the resignation becomes effective.

Section 4.12 Vacancies on the Board.

(a) Causes. Vacancies on the Board of Directors shall exist on the death, resignation or removal of any director; whenever the number of directors authorized is increased; and on the failure of the members in any election to elect the full number of directors authorized.

(b) Filling vacancies by “Owner” Directors. Except for a vacancy created by the removal of the directors pursuant to Section 4.10 of these Bylaws, vacancies on the Board of directors in the “Owner” class may be filled by approval of the majority of the Board of Directors of the “Owner” class, or, if the number of “Owner” directors then in office is less than six, by (I) the unanimous written consent of the directors then in office; (II) the affirmative vote of a majority of the directors then in office at a meeting held pursuant to notice or waivers of notice as provided in Section 4.08(d) of these Bylaws; or (III) a sole remaining director. The person selected to fill the vacancy shall serve until the term for which the person is appointed expires or until the next annual election, whichever comes first.

(c) Filling Vacancies by “Owner-Trainer” Directors. Except for a vacancy created by the removal of the directors pursuant to Section 4.10 of these Bylaws, vacancies on the Board of directors in the “Owner-Trainer” class may be filled by approval of the remaining members of the Board of Directors of the “Owner-Trainer” class, or, if only one Director remains in the “Owner-Trainer” class by a sole remaining director. The person selected to fill the vacancy shall serve until the term for which the person is appointed expires or until the next annual election, whichever comes first.

(d) Filling Vacancies by Members. Vacancies created by removal of directors shall be filled only by the approval of members within the meaning of Section 5034 of the California *Corporations Code*. The members of the class from which the removed director came from may elect a director at any time to fill any vacancy not filled by the directors.

Section 4.13 Committees of the Board. The Board of Directors, by resolution adopted by a majority of the directors then in office, provided a quorum is present, may create one or more committees, each consisting of one or more directors to serve at the pleasure of the Board. If the Board so elects, non-board members may serve in an advisory capacity on any committee of the Board; however, no such advisory member, except the President, shall have the right to vote as to any matter submitted to the Committees. Appointments to committees of the Board of Directors shall be by majority vote of the directors. The Board may appoint one or more directors as alternate members of any such committee, who may replace any absent member at any meeting. Any such committee, to the extent provided in the Board resolution, shall have all the authority of the Board of Directors except that no committee, regardless of Board resolution may:

- (i) take any final action on any matter that, under the California Nonprofit Mutual Benefit Corporation Law, also requires approval of the members or approval of a majority of all members;
- (ii) fill vacancies on the Board of Directors or on any committee that has the authority of the Board;
- (iii) fix compensation of the directors for serving on the Board or on any committee;
- (iv) amend or repeal Bylaws or adopt new Bylaws;

(v) amend or repeal any Board resolution that by its express terms is not so amendable or repealable;

(vi) create any other committees of the Board of Directors or appoint the members of committees of the Board;

(vii) expend corporate funds to support a nominee for director after more people have been nominated for director than can be elected; or

(viii) with respect to any assets held in charitable trust, approve any contract or transaction between the Corporation and an entity in which one or more of its directors have a material financial interest, subject to the special approval provision of Section 5233(d)(3) of the *California Corporations Code*.

Section 4.14 Meetings and Action of Committees. Meetings and actions of committees of the Board of Directors shall be governed by, held, and taken in accordance with, the provisions of these Bylaws concerning meetings and other Board actions except that the time for regular meetings of such committees and calling of special meetings of such committees may be determined either by Board resolution, or if there is none, by resolution of the committee. Minutes of each meeting of any committee of the Board shall be kept and shall be filed with the corporate records. The Board of Directors may adopt rules for the government of any committee that are consistent with these Bylaws, or in the absence of rules adopted by the board, the committee may adopt such rules.

ARTICLE V. OFFICERS

Section 5.01 Number and Titles. The officers of the Corporation shall be a Chairperson of the Board, a President, Vice President(s), a Secretary, a Treasurer and such other officers and assistant officers with such titles and duties as shall be determined by the Board and as may be necessary to enable it to sign instruments. Any number of offices may be held by the same person, except that neither the Secretary nor the Treasurer may serve concurrently as the President.

Section 5.02 Appointment and Resignation. The officers shall be chosen by the Board and serve at the pleasure of the Board, subject to the rights, if any, of an office under any contract of employment. Any officer may resign at any time on written notice to the Corporation without prejudice to the rights, if any, of the Corporation under any contract to which the officer is a party.

Section 5.03 Chairperson of the Board. The Chairperson of the Board shall preside at meetings of the Board of Directors and members and shall exercise and perform such other powers and duties as the Board may assign from time to time.

Subject to such supervisory powers as the Board of Directors may give to the Chairperson of the Board, and subject to the control of the Board, the President shall be the general manager of the Corporation and shall supervise, direct, and control the Corporation's activities, affairs and officers. In the absence of the Chairperson of the Board, the

President shall preside at all Board meetings. The President shall have such other powers and duties as the Board of Directors or Bylaws may prescribe from time to time.

Section 5.05 Vice President(s). In the absence or disability of the President, the Vice President(s), if any, in order of their rank as fixed by the Board of Directors or, if not ranked, a Vice President designated by the Board of Directors, shall perform all duties of the President. When so acting, a Vice President shall have all powers of and be subject to all restrictions applicable to the President. The Vice President(s) shall have such other powers and perform such other duties as the Board of Directors or the Bylaws may prescribe from time to time.

Section 5.06 Secretary. The Secretary shall keep or cause to be kept, at the Corporation's principal office or such other place as the Board of Directors may direct, a book of minutes of all meetings, proceedings and actions of the Board, of committees of the Board, and of members' meetings. The minutes of meetings shall include the time and place of holding, whether the meeting was annual, regular or special and, if special, how authorized, the notice given and the names of those present or represented at members' meetings. The Secretary shall keep or cause to be kept, at the principal office in California, a copy of the Articles of Incorporation and Bylaws, as amended to date. The Secretary shall give, or cause to be given, notice of all meetings of members, of the Board of Directors, and of committees of the Board required by these Bylaws to be given. If required by the Board of Directors, the Treasurer shall give the Corporation a bond in the amount and with the surety or sureties specified by the Board for faithful performance of the duties of the office and for restoration to the Corporation of all its books, papers, vouchers, money and other property of every kind in the possession or under the control of the Treasurer on his or her death, resignation, retirement or removal from the office.

ARTICLE VI. INDEMNIFICATION AND INSURANCE

Section 6.01 Right of Indemnity. To the fullest extent permitted by law, the Corporation shall indemnify its directors, officers, employees and other persons described in Section 7273(a) of the California *Corporations Code*, including persons formerly occupying any such positions, against all expenses, judgments, fines, settlements and other amounts actually and reasonably incurred by them in connection with any "proceeding," as that term is used in

that Section, and including an action by or in the right of the Corporation, by reason of the fact that such person is or was a person described in that Section. "Expenses," as used in this Bylaw, shall have the same meaning as in Section 7273(a) of the California *Corporations Code*.

Section 6.02 Approval of Indemnity. On written request to the Board by any person seeking indemnification under Section 7237(b) or Section 7237(c) of the California *Corporations Code*, the Board of Directors shall promptly determine under Section 7237(e) of the California *Corporations Code* whether the applicable standard of conduct set forth in Section 7237(b) or Section 7237(c) has been met and, if so, the Board shall authorize indemnification. If the Board of Directors cannot authorize indemnification because the number of directors who are parties to the proceeding with respect to which indemnification is sought prevents the formation of a quorum of directors who are not parties to that proceeding with respect to which indemnification is sought prevents the formation of a Board of Directors shall promptly call a meeting of members. At that meeting, the members shall determine under Section 7237(e) whether the applicable standard of conduct set forth in Section 7237(b) or Section 7237(c) has been met and, if so, the members present at the meeting in person shall authorize indemnification.

Section 6.03 Advancement of Expenses. To the fullest extent permitted by law and except as otherwise determined by the Board of Directors in a specific instance, expenses incurred by a person seeking indemnification under this Article VI in defending any proceeding covered hereby shall be advanced by the Corporation before final disposition of the proceeding, on receipt by the Corporation of an undertaking by or on behalf of such person that the advance will be repaid unless it is ultimately determined that the person is entitled to be indemnified by the Corporation for those expenses.

Section 6.04 Insurance. The Corporation shall have the right to purchase and maintain insurance to the fullest extent permitted by law on behalf of its officers, directors, employees and other agents, against any liability asserted against or incurred by an officer, director, employee or agent in such capacity or arising out of the officer's, director's, employee's or agent's status as such.

ARTICLE VII. CORPORATE RECORDS, REPORTS AND SEAL

Section 7.01 Record Keeping. The Corporation shall keep adequate and correct records of account and minutes of the proceedings of its members, the Board of Directors and committees of the Board. The Corporation shall also keep a record of its members listing their names and addresses. The minutes shall be kept in written form. Other books and records shall be kept in either written form or in any other form capable of being converted into written form.

Section 7.02 Annual Report. An annual report shall be prepared within 120 days after the end of the Corporation's fiscal year. Such report shall contain the following information in appropriate detail:

(i) a balance sheet as of the end of the fiscal year, an income statement and statement of changes in financial position of the fiscal year, accompanied by any report on them by independent accountants, or, if there is no such report, by the certificate of an authorized

officer of the Corporation that they were prepared without audit from the books and records of the Corporation;

- (ii) a statement of the place where the names and addresses of current members are located; and
- (iii) any information required by Section 7.03.

The Corporation shall notify each member annually of the member's right to receive a financial report hereunder. Upon written request by a member, the Board of Directors shall promptly cause the most recent annual report to be sent to the requesting member. Notwithstanding the foregoing, the Corporation shall not be required to prepare or deliver an annual report if the Corporation receives less than \$10,000 in gross revenues or receipts during the fiscal year.

Section 7.03 Annual Statement of Certain Transactions and Indemnifications. As part of the annual report to all members, or as a separate document if no annual report is issued, the Corporation shall annually prepare and mail or deliver to its members and furnish to its directors a statement of any transaction or indemnification of the following kinds within 120 days after the end of the Corporation's fiscal year:

(i) Unless approved by members under Section 7233(a) of the California *Corporations Code*, any transaction (a) to which the Corporation, its parent, or its subsidiary was a party, (b) which involved more than \$50,000 or was one of a number of such transactions with the same person involving, in the aggregate, more than \$50,000, and (ii) in which any director or officer of the Corporation, its parent, or its subsidiary; or any holder of more than 10 percent of the voting power of the Corporation, its parent or its subsidiary had a direct or indirect material financial interest (a mere common directorship is not a material financial interest). The statement shall include a brief description of the transaction, the names of interested persons involved, their relationship to the Corporation, the nature of their interest in the transaction, and, when practicable, the amount of that interest; provided that, in the case of a partnership in which such person is a partner, only the interest of the partnership need be stated.

(ii) A brief description of the amounts and circumstances of any loans, guaranties, indemnifications or advances aggregating more than \$10,000 paid during the fiscal year to any officer or director of the Corporation, unless the loan, guaranty, indemnification, or advance has already been approved by the members under Section 5034 of the California *Corporations Code*, or the loan or guaranty is not subject to the provisions of subdivision (a) of Section 7235(a) of the California *Corporations Code*.

Section 7.04 Corporate Seal. The Board of Directors shall adopt a corporate seal which shall be in the following form:

Round imprint containing the Corporation's name "THOROUGHbred OWNERS OF CALIFORNIA", the date of incorporation as well as the name of the State in which the Corporation was incorporated, to wit: "State of California."

The Secretary of the Corporation shall have the custody of the seal and affix it in all appropriate cases to all corporate documents. Failure to affix a seal shall not, however, affect the validity of any instrument.

ARTICLE VIII. AMENDMENTS

Section 8.01 Amendment by Board. Subject to the rights of members under the Article VIII, the Board of Directors may adopt, amend or repeal Bylaws unless the action would (i) materially and adversely affect the members' rights as to voting, dissolution, redemption, or transfer; (ii) increase or decrease the number of members authorized in total or for any class; (iii) effect an exchange, reclassification, or cancellation of all or part of the memberships; or (iv) authorize a new class of membership.

Section 8.02 Members' Approval Required. Without the approval of the members, the Board of Directors may not adopt, amend, or repeal any Bylaw that would (i) increase or extend the terms of directors; (ii) allow any director to hold office by designation or selection rather than by election by a member or members; (iii) increase the quorum for members' meetings; (iv) repeal, restrict, create, expand, or otherwise change proxy rights; or (v) authorize cumulative voting.

Section 8.03 Changes to Number of Directors. Once members have been admitted to the Corporation, the Board of Directors may not, without the approval of the members, specify or change any Bylaw provision that would (i) fix or change the authorized number of Directors; (ii) fix or change the minimum or maximum number of directors; or (iii) change from a fixed number of directors to a variable number of directors or vice versa.

Section 8.04 Supermajority Vote. Any provision of these Bylaws that requires the vote of a larger proportion of the members than otherwise is required by law may not be altered, amended or repealed except by vote of that greater number.
